20th Anniversary  
Programme

[www.cetc.info](http://www.cetc.info)

“This is a time of rapid innovation and technological change spurred on by the challenges that we face.

The CETC helps broadcast this vital message.”

*Hermann Hauser CBE*

### Venues

SJIC = St John's Innovation Centre

RMCC = The Ramsey Moon Conference Centre (part of TWI) on Granta Park

Directions and maps are on the [www.cetc.info](http://www.cetc.info) website

### Meetings

Meetings take place on Thursdays starting at 6.00 pm with canapés and drinks followed by a 6.30 pm start to the seminar. The meetings are normally over by 8.45 pm

## About the Club

The Cambridge Enterprise & Technology Club provides a networking forum for business people, academics, technologists and service providers, together with a unique opportunity to learn about cutting edge technologies. The Club was founded in 1992 - under its original name of the Cambridge Europe & Technology Club - as part of the (then) Department of Trade & Industry's initiative to improve the UK's business, exporting and technical skills.

The Club's meetings usually take the form of evening seminars, preceded by a buffet. A highlight of the Club's year is the annual Garden Party. Although the Club has a formal structure and programme of events, we strive for an informal atmosphere that allows members and guests to meet and talk with one another.

We hold monthly meetings on a range of topics, with an emphasis on subjects relevant to local businesses. There is a focus on new technologies and their applications. Many of our members have experience in companies that have grown rapidly by developing new products and by expanding into new markets, so there is plenty of knowledge to share. We usually invite at least two expert speakers to make presentations at each seminar and a notable feature of the Club is the ensuing Question & Answer session. As a result there is ample opportunity for discussion and members are able to learn from each other's experiences as well as from the experts.

The Club is a not-for-profit organisation, with no political affiliation. We are governed by a written constitution and managed by an elected committee of the members. We are very fortunate to be given generous financial support by NatWest Bank. We also receive valuable sponsorship from St John's Innovation Centre, TWI and Webtec Products Ltd.

## Membership Rates

You can join CETC either as an individual member or as a corporate member:

### Single Membership: £45

This allows free attendance at any of the CETC seminars held throughout the year. Single membership entitles one named individual to attend each of the meetings. No alternative person can be substituted. Members may bring guests to seminars for a charge of £7 per meeting, paid in advance.

### Student Membership: £20

Has exactly the same rights as the Single member.

### Corporate Membership: £90

Corporate membership allows attendance of up to three staff or guests to attend seminars free of charge throughout the year. Additional staff or guests are charged £7 per seminar, paid in advance.

## Membership Benefits

Members of CETC receive the following benefits:

- Opportunities to attend quality free technology and business seminars once a month
- A chance to network with other business people including entrepreneurs, VCs, consultancies and academics during seminars
- An annual garden party

## Joining CETC

To join CETC, go to [www.cetc.info](http://www.cetc.info), click the 'JOIN CETC NOW' link.

The Secretary can be contacted on 07545 695984 and by e-mail at [administration@cameurotech.org.uk](mailto:administration@cameurotech.org.uk)

If you would like to pay by bank transfer, then please see bank account details on the CETC website.

## Non-Member

Non-members £12 per meeting, £5 for students, paid in advance.

## President

Walter Herriot OBE  
Herriot Associates Ltd
